Re: Tallaght Area Committee Meeting – 27th October 2009

Dear Allyson,

Further to our conversation on the 18th November re regular incursions by scrambler and quad bikes. I was made aware of the problem on the 1st October 2009 by your colleague Tracy Marshall. I informed her that I ploughed the area in question to stop the scramblers using this field back in October and I was told by local residents that the problem had disappeared.

Yours sincerely,
