PLANNING DEPARTMENT

20 OCT 2009

P. Massey

Dear Sirs,

SD 098/0004.

Re: Submission for Public Consultation - Section 8 at 1&2 Main St. Tallaght.

The proposal for development at 1&2 Main St. (welfare office) does not appear to provide for additional car parking. We ask that the planning authority and the elected representatives give consideration to the need for consistency in planning decisions. Reasonable consistency will protect the integrity of the planning system and minimize cynicism among the public.

Yours faithfully,

Ramon Massey
