Aidan Gallagher Senior QBN Engineer, QBN Project Office, 4th Floor, Verizon Building, Lower Erne Street, Dublin 2.

22th April 2010

Dear Aidan

I refer to your email of 22nd April 2010 and previous discussions in regard to QBC proposals along the N81 in Tallaght.

Dublin Bus yesterday announced 'Network Direct', a major review of all services across the city which has taken place. The general theme of Network Direct is direct, frequent and evenly spaced services.

Dublin Bus proposes a high frequency QBC service along the N81 from Templeogue to Tallaght with frequencies of the order of buses every 10 minutes per direction. This service will utilise the full benefits of the QBC works which are being developed by the QBN Project Office along the N81.

I will liaise with you further as Network Direct implementation is rolled out.

Yours Sincerely Paddy Doherty

Operations Manager
