Dear Mr. Conlon,

I refer to your letter of 8th March with regards to motion passed at the Tallaght Area Committee Meeting held on 27th February 2012 in relation to maintenance of property in the West Tallaght Area.

Dublin Bus currently has a driver's rest facility in the Square in Tallaght. This is maintained as part of our general maintenance program. Dublin Bus does not have any public parking areas under its control and we are not responsible for litter management outside of our boundaries.

Yours sincerely,
