Dear Mr. Conlon,

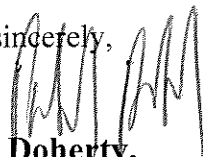

I refer to your letter of 28th March with regards to motion passed at the Tallaght Area Committee Meeting held on 27th February 2012 in relation to maintenance of property in the West Tallaght Area.

I can confirm that Dublin Bus with the assistance of South Dublin City Council where necessary, continue to construct new shelters and upgrade bus stops. Under contract to Dublin Bus, Clearchannel Ireland maintain our shelters to the highest standards with damage repaired within 48 hours and graffiti cleaned as necessary.

We regularly monitor Clearchannel's performance in order to ensure that they meet their contractual obligations.

The issue of litter is primarily a matter for the Local Authority.

Yours sincerely,

Paddy Doherty,
Chief Executive.
