Re: Motion Passed at Meeting of South Dublin County Council (M9/1014)

Dear Minister O'Sullivan

The following motion was Passed at the meeting of South Dublin County Council held on 13th October 2014:-

“That this council passes a motion voicing our opposition to the Student Services charge, which is effectively a tax on apprenticeship and is contributing to the further marginalisation of our young people, especially those from low income families and is creating a further barrier to them improving their employment prospects.”

I should be grateful for your comments at your earliest convenience.

Yours sincerely,

pp Tom O'Neill,
Meetings Administrator,
Corporate Services Department.
