The terms of circular Fin 03/2009 were restated in Fin 01/2015 and require local authorities to match capital costs with cash collected within the calendar year. Advance approval must be obtained if it is necessary to depart from the terms of the circular.

Details relating to the Major Revenue Collections for 2015 are included in a newly formatted Appendix 7 of the annual accounts and the main % collected for the year 2015 show slight increase on 2014.

The net book value of fixed assets (including work in progress) at 31<sup>st</sup> December 2015 was €3.2 billion. This includes local authority houses, land, buildings, plant and machinery, equipment, heritage, roads and surface water network.

A stable financial position was maintained for 2015. A number of potential challenges still however remain and it is imperative that the council continues to exercise tight control of both revenue and capital expenditure and react swiftly to adapt budgets should circumstances change.

## STATEMENT OF ACCOUNTING POLICIES

#### 1. General

The accounts have been prepared in accordance with the Accounting Code of Practice ACoP on local authority accounting, as revised by the Department of Environment, Community and Local Government (DECLG) at 31st December 2015. Non-compliance with accounting policies as set out in ACoP must be stated in the Policies and Notes to the Accounts.

#### 2. Statement of Funds Flow (Funds Flow Statement)

A Statement of Funds Flow was introduced as part of AFS 2011. While the guidance of International Accounting Standard 7 Statement of Cash Flows has been followed, the business of local authorities is substantially different to most private sector organisations and therefore some minor changes to the format have been agreed to ensure the data displayed is meaningful and useful within the local government sector. For this reason the statement is being referred to as a 'Statement of Funds Flow'. The financial accounts now include a Statement of Funds Flow shown after the Statement of Financial Position (Balance Sheet). Notes 17 – 22 relate to the Statement of Funds Flow and are shown in the Notes on and forming part of the Accounts section of the AFS. Note 19 details Project/Non Project/Affordable/Voluntary balances, which can be either a debit or a credit balance. The funds flow assumes that these are debit balances and bases the (Increase)/Decrease description on this.

#### 3. Accruals

The revenue and capital accounts have been prepared on an accrual basis in accordance with the Code of Practice.

#### 4. Interest Charges

Loans payable can be divided into the following two categories:

- Mortgage related loans
- Non- mortgage related loans

#### 4.1 Mortgage Related Loans

Mortgage related loans have a corresponding stream of income from long term advances (i.e. monies lent by the local authorities to borrowers), for the purchase of houses. Only the interest element is charged or credited to the Statement of Comprehensive Income (Income and Expenditure Statement).

#### 4.2 Non Mortgage Related Loans

Note 7 to the accounts sets out the types of borrowing under this heading. Loans relating to assets/grants, revenue funding will not have a corresponding stream of income. Bridging finance will eventually become part of permanent funding. Loans in respect of the other headings will have a corresponding value in Note 3.

#### 5. Pensions

Payments in respect of pensions and gratuities are charged to the revenue account in the accounting period in which the payments are made. The cost of salaries and wages in the accounts includes deductions in respect of pension contributions (including Widows and Orphans) benefits. Such deductions are credited as receipts to the Statement of Comprehensive Income (Income & Expenditure Statement). The requirements of current accounting standards relating to pensions and their application to local authority accounting remains under consideration.

#### 6. Agency and Other Services

Expenditure on services provided or carried out on behalf of other local authorities is recouped at cost or in accordance with specific agreements.

#### 7. Insurance

As of the end of October 2015 all claims are handled by Irish Public Bodies on a zero excess basis.

#### 8. Provision for Bad & Doubtful Debts

Provision has been made in the relevant accounts for bad & doubtful debts.

#### 9. Fixed Assets

#### 9.1 Classification of Assets

Fixed assets are classified into categories as set out in the Statement of Financial Position (Balance Sheet). A further breakdown by asset type is set out in note 1 to the accounts.

#### 9.2 Recognition

All expenditure on the acquisition or construction of fixed assets is capitalised on an accrual basis.

#### 9.3 Measurement

A Statement of Financial Position (Balance Sheet) incorporating all of the assets of the local authority was included for the first time in the Annual Financial Statement for 2003. The assets were valued based on the 'Valuation Guideline' issued by the DECLG. All assets purchased or constructed as from 1/1/2004 have been included at historical cost. Accounting policies relating to leases are currently being developed and will be reflected in the financial statements at a future date.

#### 9.4 Revaluation

As set out in a revision to the Accounting Code of Practice it is policy to show fixed assets at cost. Maintenance and enhancement costs associated with Infrastructure assets are not currently included in fixed assets but will be reviewed at a future date. Due to their physical nature the vast majority of assets are unique to local authorities and are not subject to disposal. Any loss or gain associated with the net realisable value of the remaining general assets subject to disposal, are accounted for at time of disposal.

#### 9.5 Disposals

In respect of disposable assets, income is credited to a specific reserve and is generally applied in the purchase of new assets. Proceeds of the sale of local authority houses are to be applied as directed by the DECLG.

#### 9.6 Depreciation

Under the current method of accounting, the charge for depreciation is offset by the amortisation of the source of funding the asset. This method has a neutral impact on Income & Expenditure and consequently the charge for depreciation and the corresponding credit from amortisation is excluded from the Statement of Comprehensive Income (Income & Expenditure Statement).

| Asset Type         | Bases | Depreciation Rate        |
|--------------------|-------|--------------------------|
|                    |       |                          |
| Plant & Machinery  |       |                          |
| - Long life        | S/L   | 10%                      |
| - Short life       | S/L   | 20%                      |
|                    |       |                          |
| Equipment          | S/L   | 20%                      |
| Furniture          | S/L   | 20%                      |
| Heritage Assets    |       | Nil                      |
| Library Books      |       | Nil                      |
| Playgrounds        | S/L   | 20%                      |
| Parks              | S/L   | 2%                       |
|                    |       |                          |
| Water Assets       |       |                          |
| - Water schemes    | S/L   | Asset life over 70 years |
| - Drainage schemes | S/L   | Asset life over 50 years |

The policies applied to assets subject to depreciation are as follows:

The Council does not charge depreciation in the year of disposal and will charge a full year's depreciation in the year of acquisition.

#### 10. Government Grants

Government grants are accounted for on an accrual basis. Grants received to cover day-to-day operations are credited to the Statement of Comprehensive Income (Income & Expenditure Statement). Grants received, relating to the construction of assets, are shown as part of the income of work-in-progress. On completion of the project the income is transferred to a capitalisation account.

#### **11. Development Debtors & Income**

All development debtors are now included in notes 3 & 5. Income from development contributions not due to be paid within the current year is deferred and shown under long term creditors in the balance sheet. Development Levies disclosed include the long term element relating to Irish Water.

#### 12. Debt Redemption

The proceeds from the early redemption of loans by borrowers, are applied to the redemption of mortgage related borrowings from the HFA and OPW.

#### 13. Lease Schemes

Rental payments under operating leases are charged to the Statement of Comprehensive Income (Income & Expenditure Statement). Assets acquired under a finance lease are included in fixed assets. The amount due on outstanding balances is shown under current liabilities and long-term creditors.

#### 14. Stock

Stocks are valued on an average cost basis.

#### 15. Work-in-Progress & Preliminary Expenditure

Work-in progress and preliminary expenditure is the accumulated historical cost of various capital related projects. The income accrued in respect of these projects is shown in the Statement of Financial Position (Balance Sheet) as 'Income WIP'.

#### 16. Debtors and Creditors

#### 16.1 Debtors

At the close of the financial year, debtors represent income due but not yet received.

#### 16.2 Creditors

At the close of the financial year, creditors represent payments due in respect of goods received and services rendered but not yet paid.

#### 17. Interest in Local Authority Companies

The interest of South Dublin County Council in companies is listed in Appendix 8.

#### 18. Transfer of Responsibility for the Delivery of Water Services

The Water Services Act 2013 and the Water Services (No. 2) Act 2013 provided for the establishment of Irish Water as an independent subsidiary within the Bord Gáis Éireann Group. From January 2014, the legislation provided for:

• The transfer of Local Authority water services assets and liabilities to Irish Water.

• All functions of a Local Authority relating to water services to transfer to Irish Water other than those related to rural water services, notably group water schemes and individual domestic wastewater treatment systems.

• Local authorities to deliver services on behalf of Irish Water through service level agreements for an agreed payment. It is provided that these agreements will run for an initial 12 year period with reviews after two years and seven years and began in 2014.

The transfer for the delivery of water services took effect from 1 January 2014 and does not affect the going concern capacity of Local Authorities.

## 23. Civic Offices Tallaght

The Civic Offices were acquired via a loan/lease purchase arrangement that is represented in the Annual Financial Statement as follows:

**Fixed Assets** 

| Note 1:   | Operational Asset/Building          | €48,469,200 |
|-----------|-------------------------------------|-------------|
| Creditors | (Amounts greater than one year)     |             |
| Note 8:   | Loans Payable (Non Mortgage/Assets) | €0          |

The value of the outstanding loans were included in prior years in Note 8 net of a sinking fund controlled by the Lessor. The lease purchase arrangement concluded in 2013 and the agreement provided for the sinking fund to be applied one year after the final lease payment. The legal process to finalise this arrangement is currently in progress. Payments to the fund were calculated to ensure that the sinking fund would match the initial loan by the agreed redemption date.

Works to the value of  $\notin$ 47,857,345 have been completed to extend and refurbish the Civic Offices and the County Library . This brings the total value of the asset to  $\notin$ 96,326,545.
