Re: Celbridge/Leixlip Municipal District

Dear Director,

At a recent meeting of the Celbridge/Leixlip Municipal District, the Members discussed the roadway approaching Leixlip from Lucan and the general condition of the road surface, including the footpath.

I have been requested by the Members to bring these matters to your attention and request that the Council consider resurfacing/improvements to the roadway and pedestrian facilities on the approach road to the Salmon Leap Bridge.

In addition, the Members would welcome an opportunity to meet and engage with the Members of the Lucan area to discuss issues in common. The Lucan Members are requested to consider the option of meeting with Members of the Celbridge/Leixlip Municipal District, at an agreed frequency.

Yours Sincerely,

Evelyn Wright
Senior Executive Officer
Roads, Transportation and Public Safety Department
