Re: Weirview Cottages, Lucan.

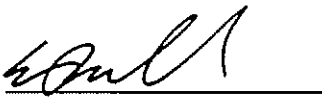

Dear AnnMarie,

At the request of Members of South Dublin's Lucan Area Committee I have been requested to raise with Fingal County Council, concern regarding activity on the embankment immediately to the North of Weirview Cottages on the north bank of the Liffey in Lucan, Co Dublin, which is in the functional area of Fingal.

In particular it appears that fencing may have been installed and there is a fear that that several mature trees on the top of the embankment have been removed or face the threat of removal. It is considered that given the prominent location of the embankment overlooking the Liffey and surrounding area that these trees enhance the overall appearance and character of the Area.

I would be most grateful if you could consider the above.

Yours Thankfully,

Eddie Taaffe,
Director of Land Use Planning and Transportation
