Re: Corporate Plan Annual Report 2017 – Section 134 of the Local Government Act 2001

Dear Member,

The attached 2017 Annual Report on the Corporate Plan is being submitted for your attention in accordance with section 134 of the Local Government Act 2001. The report in essence is a summary and accumulation of the key points made in the monthly management reports circulated at each Council meeting. Once again considerable progress has been made on the delivery of objectives as set out in our five year Plan and notwithstanding ongoing challenges, I see no reason to consider altering the intent of the Corporate Plan for next year.

Yours sincerely,

Daniel McLoughlin
Chief Executive
