Subject: RE: Tallaght ACM Motion NTA:00000019000000138

Dear Ms Leonard,

I refer to your recent email regarding the installation of bus shelters on the Avonmore Road and Seskin View Road, Tallaght in the direction of The Square in response to the Motion that was passed at the Tallaght Area Committee Meeting on the 24th September.

You may be aware of the BusConnects programme being undertaken by the NTA. The programme includes a complete redesign of the bus services in the Dublin region to enable more people to easily travel to more places. Work on that redesign process is well advanced and a public consultation on a redesigned network of bus formally commenced on 16 July.

Because the redesign process is likely to result in network changes, with the objective of those changes being to facilitate greater bus usage, there are likely to be changes to routes and stop locations. The spacing between adjacent bus stops is likely to change in some cases, and some bus stop locations could move slightly to allow easier connections to other bus routes or to match the installation of new pedestrian crossings, or for other reasons.

To avoid the potential of installing additional bus shelters and real time passenger information (RTPI) signs this year, only to require their relocation next year, we have held off erecting additional shelters and RTPI signs until the implications of the network redesign emerge over the coming months.

Accordingly, we would not propose to proceed with the provision of bus shelters at the locations in question at present. Instead, this matter can be re-examined early next year when the public consultation phase of the bus network redesign has concluded.

More information about BusConnects on the bus network redesign is available at www.busconnects.ie.

Yours sincerely

Public Transport Investment

Subject: Tallaght ACM Motion

Dear Sir/Madam,

At the Tallaght Area Committee Meeting on the 24th September, the following Motion was passed:

"That this Committee asks the Chief Executive for the installation of bus shelters on the Avonmore Road and Seskin View Road, Tallaght in the direction of The Square. Service users are left completely exposed with none of the bus stops on that road providing any shelter."

I would be obliged to receive a reply at your earliest convenience.

Regards,

Edwina Leonard | Staff Officer | Housing Administration & Financial Management | Housing, Social & Community Directorate | South Dublin County Council |
