Welcome to the 2019 Annual Report of the South Dublin Local Community Development Committee.

Local Community Development Committees (LCDCs) were established within local authorities throughout the country, under the aegis of *Putting People First – Action Programme for Effective Local Government*, and the *Local Government Reform Act 2014*. The LCDCs contribute alongside the Local Authorities to six-year Local Economic and Community Plans with the goal of bringing about a more strategic, joined-up approach to local development and community development in their respective areas.

This report details the activities of the LCDC in South Dublin County over the past year. Key highlights include:

- Management of the Social Inclusion and Community Activation Programme (SICAP) in the county
- Oversight of Healthy Ireland and Community Enhancement funding
- Collaborative work with other councils through the Local Action Group (LAG) which has an oversight role for the disbursement of funds from the Dublin Rural Leader Programme and
- Work with Healthy South Dublin and the Children's and Young People's Services Committee to produce a Healthy County Strategy.

In addition, the LCDC continues to be responsible for the monitoring and implementation of the Local Economic and Community Plan (LECP) 2015-2021. Through these and other activities, the LCDC has played a significant role in helping to advance the social inclusion agenda throughout the county.

A 2019 Departmental Review of the LCDCs acknowledges the progress that had been made since the local government reforms of 2014, but also outlines a number of ongoing challenges including: a lack of clarity around the LCDC role and the role of the members, a general lack of awareness of the work of the committees; the need for a comprehensive training and support programme for LCDC members and local authority support staff; and the need for stronger, more consistent and more formal communication between the Department and LCDCs, as well as between LCDCs across administrative boundaries. Not surprisingly, these findings dovetail with concerns expressed by South Dublin LCDC members over the years. The South Dublin LCDC looks forward to working with the Department and the SDCC to address these challenges in a constructive way in the year ahead.

Finally, I would like to acknowledge the stellar commitment and support provided by SDCC staff to the LCDC since its inception. In particular, the LCDC is grateful for the support provided by Colm Ward, Brian Hora, Andy Lane and Cathy Purdy. I would like to express a warm thanks to all those who serve or have served on the LCDC for the time, energy, insights and experience that they bring to the table.

1 Introduction

In 2019 the South County Dublin continued its work in coordination, planning and overseeing local and community development funding and bringing a more joined-up approach to the running of local and community development programmes and interventions in the South Dublin County.

Last year, some 58 community groups benefited from Community Enhancement Programme (CEP) funding totalling €187,804. The CEP provides funding to community groups to enhance facilities in disadvantaged areas. In addition, the LCDC manages and coordinates the Healthy Ireland Fund. Following a successful application submitted to POBAL in September 2019, €246,050 has been awarded for the County's HI Programme 2019-2021.

A key responsibility of the LCDC is oversight of the Social Inclusion and Community Activation Programme (SICAP). SICAP provides funding to tackle poverty and social exclusion and actions are delivered by South Dublin County Partnership. The 2019 end of year review by POBAL reported all targets were achieved including submission of a video case study "4 The Family" to help parents improve family life and assist them in accessing supports in the community.

The LCDC also has responsibility for Progression of the Community elements of 6 year Local Economic and Community Plan, and development of Dublin Rural LEADER programme. Projects in Newcastle, Bohernabreena and Glenasmole have benefited from LEADER funding, while community centre projects in Glenasmole and Saggart progressed in 2019 and are expected to benefit from up to €1million euro in 2020.

2019 saw the launch of the Healthy Ireland South Dublin County Strategic Plan, a joint collaboration between the South Dublin County Children and Young People's Committee, South Dublin County Healthy Ireland and the LCDC. The Healthy Ireland South Dublin County Strategic Plan identifies 38 actions under seven thematic areas which correspond with the National Healthy Ireland Strategy. Together these actions provide a roadmap for improving health in South Dublin County.

The launch took place on Wednesday 26th June 2019 with Minister Catherine Byrne T.D, Minister of State for Health Promotion and the National Drugs Strategy and in the presence of the Mayor of South Dublin County, Cllr Vicki Casserly.

4 Subcommittees

The South County Dublin LCDC has a number of subcommittees focused on particular aspects of its work.

SICAP Oversight Subcommittee

The SICAP Oversight Subcommittee was established in November 2016 to have an oversight on the SICAP contract and report to the LCDC.

Funding Subcommittee

The Funding Subcommittee has oversight of and report to the LCDC on funding allocated to the LCDC. There were four funding sources for which the LCDC had responsibility for in 2019:

- Community Enhancement Programme 2019
- Community Enhancement Programme 2019 (Men's Sheds)
- Healthy Ireland Fund 2018
- Healthy Ireland Fund 2019-2020

Public Sector Duty Subcommittee

Public Sector Duty: The subcommittee is delegated by the LCDC to consider how to progress the Public Sector Duty in relation to the LCDC and the Local Economic and Community Plan.

5. SICAP (Social Inclusion Community Activation Programme)

A key responsibility of the South County Dublin LCDC is oversight of the SICAP (Social Inclusion Community Activation Programme). A funding allocation of €2,106,129 was received from POBAL in 2019.

The current SICAP (2018-2022) was tendered in 2017 and the contract was awarded to South Dublin County Partnership (SDCP). 2019 was the second year of the current contract and South Dublin County Partnership (SDCP) has successfully achieved both KPIs included in SICAP:

- KPI 1 - Local Community Groups assisted under SICAP - achieved 104% (Actual 101, Target 97)
- KPI 2 - Total number of individuals engaged under SICAP on a one-to-one basis achieved 104% (Actual 1537 Target 1483).
- The KPI 2 % of those living in disadvantaged areas has a target of 41 % and achieved 40.80%. This represents a total of 605 individuals.

During 2019, the 2018 SICAP was subject to audit by both South Dublin County Council Internal Audit Department and the Local Government Audit Service on behalf of POBAL. Both reports will be tabled for the consideration of the LCDC in 2020

Case Study for 2019

4 the Family is a new 4-week programme for parents that aims to provide simple tips to improve family life! SDC Partnership created a short, non-judgemental programme that helps parents with the following 4 aspects of family life: play, parenting, health and technology. All of the content is based on research, evidence based programmes and national resources. The programme is delivered to a small group (or as a one to one basis) and is 4 weeks in total. Each session is 1 hour long, delivers 4 messages and we use tangible objects to help parents remember the content.

Community Actions under Local Economic and Community Plan 2016-2021

This plan represents the strategic vision for the development of the community and the economy of South Dublin County.

There are 7 economic high - level goals, and 7 community high level goals which are reported on by the LCDC:

Goal 8 Empower our communities to improve their health and wellbeing and quality of life by providing relevant information and accessibility to quality services

Goal 9: Protect and enhance our environment by providing information that is accessible to all and applying the principles of sustainable development
