Átha Cliath Theas
South Dublin County Council**

**South Dublin County Council
Draft Development Contribution Scheme 2021-2025**

(Under Section 48, Planning & Development Act 2000, as amended)

INTRODUCTION

1. Sub-section (1) of section 48 of the Planning and Development Act 2000, as amended ('the Act'), enables a planning authority, when granting a planning permission under Section 34 of the Act, to include conditions for requiring the payment of a contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority, and that is provided, or it is intended will be provided, by or on behalf of a local authority (regardless of other sources of funding for the infrastructure and facilities).
2. (a) Subsection (2) of Section 48 requires that the basis for the determination of a contribution under subsection (1) shall be set out in a development contribution scheme made under this section.

(b) A scheme may make provision for payment of different contributions in respect of different classes or descriptions of development.
3. (a) Subsection (3) of Section 48 specifies that a scheme shall state the basis for determining the contributions to be paid in respect of public infrastructure and facilities, in accordance with the terms of the scheme.

(b) In stating the basis for determining the contributions to be paid, the scheme must indicate the contribution to be paid in respect of the different classes of public infrastructure and facilities which are provided or to be provided by any local authority and the planning authority shall have regard to the actual estimated cost of providing the classes of public infrastructure and facilities, except that any benefit which accrues in respect of existing development may not be included in any such determination.

(c) A scheme may allow for the payment of a reduced contribution or no contribution in certain circumstances, in accordance with the provision of the scheme.
4. Subsection (15)(a) specifies that a planning authority may facilitate the phased payment of contributions under Section 48 of the Act and may require the giving of security to ensure payment of contributions.

DEFINITIONS

5. Section 48 of the Act gives the following meaning to "public infrastructure and facilities" -
 - (a) the acquisition of land,
 - (b) the provision of open spaces, recreational and community facilities and amenities and landscaping works,
 - (c) the provision of roads, car parks, car parking places, surface water sewers and flood relief work, and ancillary infrastructure,

- (d) the provision of bus corridors and lanes, bus interchange facilities (including car parks for those facilities), infrastructure to facilitate public transport, cycle and pedestrian facilities, and traffic calming measures,
- (e) the refurbishment, upgrading, enlargement or replacement of roads, car parks, car parking places, surface water sewers, flood relief work and ancillary infrastructure,
- (f) the provision of high capacity telecommunications infrastructure, such as broadband,
- (g) the provision of school sites, and
- (h) any matters ancillary to paragraphs (a) to (g).

"scheme" means a development contribution scheme made under Section 48 of the Act.

BASIS FOR DETERMINATION OF CONTRIBUTION

6. The basis for determination of a contribution under the South Dublin County Council Development Contribution Scheme 2021 to 2025 ('this/the Scheme') is as follows:

- (a) The amount of the costs which are attributable to the five classes of public infrastructure and facilities (listed in the table at Article 9 below). These costs are given in **Table A of Appendix I** of this Scheme.
- (b) The aggregated floor areas in square metres of projected development, in the years up to and including 2025, in each of the classes or descriptions of development, namely, residential class and industrial/commercial class. These floor areas are given in **Table B of Appendix I** which is annexed to this Scheme.
- (c) The development contributions payable per square metre of residential development, and of industrial/commercial development were determined upon consideration of several factors, including;
 - Eligible costs of projects;
 - Expected quantum of development; and
 - The level of existing contribution rates.

And the following:

- (d) An examination of the current market conditions

DEVELOPMENT CONTRIBUTION SCHEME

7. This Scheme is made under Section 48 of the Planning & Development Act 2000, as amended

8. Under the Scheme, South Dublin County Council will, when granting a planning permission under Section 34 of the Act, include conditions for requiring the payment of a contribution (the amount of which is indicated below under the heading "Level of Contribution") in respect of public infrastructure and facilities benefiting development in the County of South Dublin and that is provided, or that it is intended will be provided, by or on behalf of South Dublin County Council (regardless of other sources of funding for the infrastructure and facilities).

LEVEL OF CONTRIBUTION

9. Under the Scheme, the contributions to be paid (except where an exemption or reduction applies, see Article 10 below) in respect of the different classes of public infrastructure and facilities are as follows:-

Class of Public Infrastructural Development	€ per square metre of Residential Development	€ per square metre of Industrial/Commercial class of Development
Class 1: Transport infrastructure & facilities	25.67	24.26
Class 2: Surface water & environment infrastructure & facilities	10.77	10.18
Class 3: Community facilities & amenities	21.42	20.25
Class 4: Parks and open space facilities and amenities	21.26	19.15
Class 5: Economic, Enterprise and Tourism Development, including Libraries	18.27	17.27
Total of Contributions Payable	96.39	91.11

Note 1: These rates of contribution shall be effective for all permissions *granted* by South Dublin County Council and An Bord Pleanála after 1st January 2021 for development within the administrative area of South Dublin County Council, irrespective of when the planning application was submitted. The above rates shall be fixed from 1st January 2021 to 31st December 2021.

Indexation in accordance with the Chartered Surveyors of Ireland Construction Tender Price Index will apply annually on 1st January, effective from 1st January 2022. Having regard to

economic or other circumstances and, it may be considered appropriate not to apply this indexation for any year(s).

Note 2: The floor area of proposed development shall be calculated as the gross floor area (GIA). This means the area ascertained by the internal measurement of the floorspace on each floor of a building (including internal walls and partitions), including mezzanine floors. This area is provided by the applicant on the statutorily prescribed planning application form which is subject to technical verification by the Planning Authority.

Note 3: Extensions *permitted* to existing developments will be charged at the above rates, subject to circumstances where an exemption or reduction applies, as per below.

CONTRIBUTION IN LIEU OF PUBLIC OPEN SPACE – Tallaght Local Area Plan Lands

10. The Tallaght Local Area Plan provides for a minimum of 10% of the gross site area to be dedicated for use as public open space within any proposal for development which shall be of a high quality and integrated into an overall interconnected network of public open space and green routes. Where public open space requirements cannot be met on site in full, or partially, because the site is considered by the planning authority to be too small or inappropriate (because of site shape, context or general layout) to fulfil a useful open space/amenity purpose, the Tallaght Local Area Plan provides discretion to the Council to determine a financial contribution in lieu of all, or part of, the public open space requirement for a particular development. This contribution in lieu shall be levied at the rate of **€7,500,000 per hectare** of open space required, or on a pro rata basis of the public open space not provided on site. This contribution in lieu will be used towards the provision of public open space, and/or to South Dublin County Council improvements to an existing park and/or enhancement of amenities in the area unless as otherwise agreed with the planning authority.

CIRCUMSTANCES WHERE NO CONTRIBUTION OR A REDUCED CONTRIBUTION APPLY

11. The following categories of development will be exempted from the requirement to pay development contributions or may pay a reduced rate, as stated, under the Scheme:

- (i) The first 40 square metres of an extension to a house (including garages and conversion of attic to habitable areas) shall be exempt (subsequent extensions or extensions above 40 square metres to be charged at the residential rate per square metre). This exemption will not apply to development for which retention permission is sought.
- (ii) Social housing units shall be exempt including:

- Those which are provided in accordance with an agreement made under Part V of the Act.
 - Those which are provided by an Approved Housing Body or Voluntary Housing Body, which is recognised as such by the Council.
 - Those which are built by, or on behalf of, the Council.
- (iii) Affordable housing units delivered by the Council are not exempt as a matter of course, however, the Council may consider exempting delivery of Council affordable housing on a case by case basis and as agreed by the Council.
- (iv) Development consisting of sheltered or supported accommodation for homeless persons, sheltered housing schemes for vulnerable groups such as the elderly, disabled and persons with mental health issues provided by voluntary or not-for-profit non-statutory groups that are recognised by the Council as such, shall be exempt.
- (v) There will be 50% reduction in the non-residential rate for developments in Village Centre areas. To be considered for the reduced rate the proposed development must be in an area zoned as a Village Centre in the County Development Plan and comply with the qualifying conditions specified by the local authority in the application process.
- (vi) Car parking assessed as being necessary to the proposed development, and generally in line with County Development Plan standards, whether surface or non-surface, shall be exempt.
- (vii) Car parking assessed as being in excess of County Development Plan standard requirements to the proposed development, will be charged at 50% of the non-residential rate on a per space basis.
- (viii) Vehicle display area spaces (for the purposes of sale) shall be charged at 10% of the non-residential rate on a per space basis. Open storage/hard surface non-residential space development (uncovered storage space), including forecourt development, but not *car-parking or truck parking* – shall be charged at 10% of the non-residential rate. In the interests of clarity these areas relate to the specific area where the goods/vehicles are stored and not to turning areas, internal access routes within site, etc. (in the event of buildings being subsequently developed on the same area, the credit to be given against the assessment of the new building will be the monetary amount previously paid).
- (ix) Non-fee paying primary and secondary schools shall be exempt, except in circumstances where, as a result of the development, exceptional costs not covered by the Scheme are incurred by the Council, resulting in the necessary provision of a specific public infrastructure or facility. (The works may be

specified in the planning conditions when special development contributions are levied.)

- (x) Not for profit childcare facilities shall be exempt.
- (xi) Development consisting of drug treatment and rehabilitation services and drug education/prevention services for which permission was applied for and is to be operated by not for profit community-based providers shall be exempt.
- (xii) Development by a registered charity for non-profitable development shall be exempt from the requirement to pay a planning application fee, in accordance with Article 157 of the Planning and Development Regulations 2000 (as amended), shall be exempt. The exemption is stated below; *Development proposed to be carried out by or on behalf of a voluntary organisation, and which in the opinion of the planning authority—*
 - *is designed or intended to be used for social, recreational, educational or religious purposes by the inhabitants of a locality, or by people of a particular group or religious denomination, and is not to be used mainly for profit or gain,*
 - *is designed or intended to be used as a workshop, training facility, hostel or other accommodation for persons with disabilities and is not to be used mainly for profit or gain.*
- (xiii) Development in receipt of a disabled person's grant shall be exempt.
- (xiv) Agricultural buildings used for agricultural purposes by persons primarily engaged in farming shall be exempt.
- (xv) 50% reduction in non-residential rate for buildings ancillary to Horticultural developments; i.e. developments associated with the processing, distribution, supply or sale of fruit, vegetables, food or any agriculture or market gardening products, carried out by persons other than those that are primarily engaged in farming.
- (xvi) Renewable energy development with a capacity up to 0.5MW will be exempt. Larger capacity development will be charged at €1,000 per each 0.1MW above an installed capacity of 0.5MW.
- (xvii) The non-built elements of recreational facilities (e.g. Playing pitches, golf courses) shall be exempt.
- (xviii) Signage, shop fronts, entrance gates, railings, fencing, elevational alterations shall be exempt.
- (xix) Internal layout alterations where no additional floor area is created and external walls are not being removed shall be exempt.

- (xx) Power lines, antennae structures, sewers, drainage, road construction, provision of infrastructural facilities shall be exempt.
- (xxi) Bus Shelters shall be exempt.
- (xxii) Substations, Switch Rooms shall be exempt.
- (xxiii) Ancillary plant rooms (where plant is not core activity/operation) shall be exempt.
- (xxiv) Development involving permitted works to Protected Structures, including extension of floor areas or change of use (subject to (xxvi) below), shall be subject to a 30% reduction on the applicable rate of contribution.
- (xxv) Revisions / Modification to a permitted development: An application for permission for modification / revision to a permitted development, including a change of house type or amendment to a site layout will, where material, be treated as an independent / separate permission for development, and will be assessed on the full proposal for the floor area permitted in such a permission, at the rate of development contributions in operation on the date of the decision to grant permission. The contribution payable at commencement will be based on the permission implemented, i.e. the original permission or the revised proposal (updated in accordance with the relevant index).
- (xxvi) Change of use: In respect of a permission for change of use, where development contributions were paid in respect of the former use the contribution payable on the new use will be net of the quantum of development previously paid for. Where a contribution was not previously paid or the original development was carried out before 1963 it shall be treated in its entirety as new development and assessed accordingly. The Development Contribution Scheme does not provide for any rebate or refund in this regard. Agents/applicants should provide evidence of prior payment at application stage to expedite assessment and avail of this exemption.
- (xxvii) Demolition and Rebuild: Where permission is granted to demolish in part or in full an existing building and replace with another, then the development contribution payable is to be calculated as follows:
- Where a contribution has been paid – the contribution will be levied on the increased floor area of the new build over the old.
 - If no contribution was previously paid – the contribution will be levied on the new development in full.

The Scheme does not provide for any rebate or refund in this regard. Agents / applicants should provide evidence of prior payment at application stage to expedite assessment and avail of this exemption.

(xxviii) Developments permitted by way of a single permission of a temporary duration or cumulative temporary permissions of not greater than 5 years in total, shall be exempt. Subsequent permissions which cause the total duration to exceed 5 years will be assessable for the purposes of applying development contributions.

12. For clarification purposes, the following development will not be exempt from the requirement to pay development contributions.

- Third level educational institutions.
- Student accommodation.
- Fee paying Schools; and
- Private medical facilities including private hospitals, medical facilities, primary care centres and similar developments including any ancillary buildings.

13. No reductions in whole or in part shall apply to permissions for retention of development.

PAYMENT OF CONTRIBUTION

14. Conditions requiring payment of the contributions provided for in the Scheme will be imposed in all decisions to grant planning permission made following the making of the Scheme by the Council. The operative date of the scheme is from 1st January 2021.

15. The contributions under the Scheme shall be payable prior to commencement of development or as otherwise agreed in writing by the Council. Contributions due in respect of permission for retention will become payable immediately on issue of the final grant of permission. Contributions shall be payable at the index adjusted rate pertaining to the year in which implementation of the planning permission is commenced, subject to the provisions of Note I to the table at Article 9 above.

16. The Council may facilitate the phased payment of contributions payable under the Scheme and the Council may require the giving of security to ensure payment of contributions.

17. The Council, in accordance with statutory powers, may recover as a simple contract debt in a court of competent jurisdiction any contribution (including interest and legal costs) due to it under the terms of this Scheme. The Council, furthermore, may initiate enforcement action under the Planning & Development Acts in respect of unpaid development contributions.

18. Where applicable, connections to drainage (surface water) services may be denied at commencement of development where the development contribution has not been paid in full or paid in part in an agreed installment plan. The development contribution is required for capital expenditure and therefore costs incurred for such matters as connections to such services are not included in the development contribution and are subject to separate connection fees.

19. Where a letter / certificate of compliance with the development contribution condition is required, reference will be made to the payment of contributions as applicable to the development in question. If contributions have not been paid or if an agreed schedule of payments has been made but has not been honored, a report on compliance will refer to these facts. In the case of applicable residential developments, the compliance report will also refer to compliance with condition(s) requiring the lodgment of security for the completion of services in the related development.

APPEAL TO AN BORD PLEANÁLA

20. An appeal may be brought to An Bord Pleanála where the applicant for planning permission under Section 34 of the Act considers that the terms of the Scheme have not been properly applied in respect of any conditions laid down by the Council.

REVIEW OF SCHEME

21. The Scheme may be reviewed from time to time by the Council having regard to circumstances prevailing at the time. After a review of the Scheme, a new Scheme may be made. This scheme is effective from 1st January 2021 until 31st December 2025 unless a new scheme is made in the interim. The Council may need to review this scheme once the new County Development Plan (2022 – 2028) has been adopted as this new plan may identify changes that should be made to this scheme.

SPECIAL DEVELOPMENT CONTRIBUTIONS

22. A special development contribution may be imposed under Section 48 of the Act where exceptional costs not covered by this Scheme are incurred by the Council in the provision of a specific public infrastructure or facility. (The works will be specified in the planning conditions when special development contributions are levied). Only developments that will benefit from the public infrastructure or facility in question will be liable to pay the special development contribution. Conditions imposing special contributions may be appealed to An Bord Pleanála.

23. The intention is for the final scheme to come into effect, in respect of permissions granted, from 1st January 2021.
