**Circular Fin 12/2020**

Chief Executive

cc. Head of Finance

**Provisional Local Property Tax Allocations 2021 – South Dublin County Council**

A Chara,

I am directed by the Minister for Housing, Planning, and Local Government to inform you that the provisional Local Property Tax (LPT) allocations from the Local Government Fund for 2021 have been agreed and South Dublin County Council's allocation is set out below and in **Appendix A** to this document. LPT allocations have been calculated using the Revenue Commissioners' data on net declared liabilities of €483m post-variation in 2020 (as set out in **Appendix B** to this document). On a pre-variation basis, the full 2020 net declared liability amounts to €492m and this is the estimate applied to the provisional LPT allocations process for 2021.

**2021 Baseline**

Every local authority is entitled to receive a minimum amount of funding under the LPT allocation process, known as the Baseline. South Dublin County Council's Baseline for 2021 is **€3,856,262**.

## **Equalisation**

The local retention mechanism will continue in 2021. 80% of all LPT receipts will be retained within the local authority area where the Tax is raised. The remaining 20% of the Tax collected nationally will be re-distributed on an equalised basis to local authorities, within the context of the annual allocations of LPT, to ensure that all authorities receive, at a minimum, an amount equivalent to their Baseline. This 20% for equalisation will be based on the total expected level of LPT in each local authority area and will not be adjusted if the basic rate of LPT is varied. Based on its surplus position when expected 2021 LPT receipts are compared to the 2021 Baseline, South Dublin County Council will not be in receipt of equalisation funding in 2021.

## **Self-Funding**

Some local authorities will receive greater levels of funding in 2021 from the Local Government Fund as a result of local retention of LPT compared to their Baseline. Local authorities will have the surplus allocated in two ways:

- Part of the surplus up to the equivalent of 20% of total expected LPT income (or the full amount of the surplus if that is less than 20%) can be used as additional income by local authorities for the authority's own use as part of their normal budgetary process; and
- The remainder of the surplus, if any, will then be available to the local authority to fund services in the housing and/or roads areas thereby replacing Central Government funding for some of these services. Authorities are expected to continue providing such services regardless of the changed approach to funding.

Based on its surplus position when expected 2021 LPT receipts are compared to the 2021 Baseline, South Dublin County Council will be required to self-fund services in the Housing and Roads areas.

The specific detail of the level of Central Government Voted grants funding to be provided to local authorities is a matter that will be considered, as normal, as part of the Estimates process.

## **Provisional LPT allocation to South Dublin County Council in 2021**

The LPT allocation for South Dublin County Council for 2021 (**pending any decision to locally vary the basic rate**) is **€25,494,534**. As a local authority that will be in receipt of 2021 LPT income in excess of the Baseline, South Dublin County Council will be entitled to retain an amount of this surplus funding equivalent to 20% of the total expected LPT yield or **€6,373,633** for its own use. South Dublin County Council will be required to use the remainder of the surplus to self-fund some specified services in Housing and Roads areas to the value of **€15,264,638**. Details of the self-funding breakdown between Housing and Roads, capital and revenue will issue in a separate circular.

Please refer to the table in **Appendix A**, which sets out the basis for the allocation.

### **Variation**

**Every local authority has the power to vary the basic rate of LPT by up to 15%. It should be noted that if South Dublin County Council decides to vary the LPT basic rate upwards in 2021; 100% of the resultant additional income will be available for the authorities' own use. Similarly, if South Dublin County Council decides to vary the LPT basic rate downwards (by up to 15%) in 2021, the resultant loss in LPT income will be reflected in reduced LPT funding to the authority.**

Local authorities are further reminded of their statutory obligations as set out in the Local Property Tax (Local Adjustment Factor) Regulations 2014 (S.I. Nos. 296 & 439/2014) which take account of relevant provisions in the Finance (Local Property Tax) Acts. Previous guidance circular Fin 08/2014 also refers.

### **2020 LPT Statistics and Property Valuation Bands**

2020 LPT Preliminary Statistics and Property Valuation Bands were provided to this Department by the Revenue Commissioners. This information is being provided for statistical purposes only to assist in the consideration of the local adjustment factor for 2021 LPT.

LPT statistics set out in **Appendix B** to this document outline the following:

- 2020 LPT Exempt (additional to declared liabilities)
- 2020 LPT Amounts Declared
- 2020 LPT Amounts Deferred

- 2020 Net LPT Position

**The projected amounts for 2020 LPT reflect any local decision to lower/increase the basic rate by the local adjustment factor in 2020, i.e. data provided is post-variation.**

This is of course subject to normal fluctuations that may be caused by transfers in property ownership and the on-going compliance campaign in operation by the Revenue Commissioners.

In accordance with section 152 of the Finance (Local Property Tax) Act 2012, the Department also requested information in relation to property valuation bands for each local authority area from the Revenue Commissioners as set out in **Appendix C** to this document.

Local Authorities will be advised of any further information once it becomes available.

Is mise, le meas,

Note 1: This analysis is preliminary; there is a small element of estimation in regard to the distribution of amounts by Local Authority.

Note 2: The LPT Declared amount includes declared amounts from returns filed to date, deferred amounts and amounts due on foot of instructions sent to employers and pension providers to collect LPT by way of mandatory deduction at source.

Note 3: The figures include LPT amounts for properties owned by Local Authorities and Approved Housing Bodies.

Note 4: The exemption amounts set out above are based on claims made and will be subject to certain verification checks. In addition, the full effects of exemptions are not reflected in the statistics as where an exemption was claimed, the property owner was not always required to value their property.
