

TEMPLEVILLE ROAD LIGHT SEGREGATION SCHEME

June 2021

Templeville Road Light Segregation Scheme

- The Scheme will be split into 2 phases.
- Phase 1 is between Limekiln Lane and Templeogue College, this section will be completed as a Section 38.
- Phase 2 is between Templeogue College and Springfield Road and this will need Public Consultation and most probably a Part 8

Phase 1 (Limekiln Lane and Templeogue College)

- 1.4km Route
- Off Road cycleway will require road reconstruction (tree removal, serious disruption to traffic and locals, Part 8)
- Continuous white line
- Tightened corner radii at side roads (Mountdown Road, Millgate Drive and Grosvenor Court)
- Light Segregation (Bollards, Kerbs, low bollards etc)
- Glendown Junction will need road realignment due to the existing traffic filter light (referred to NTA CDO)

Tightened corner radii at side roads

Example of a low-level segregation bollard
