

Hello,

The below Motion was debated and passed at the Lucan Area Committee Meeting yesterday.

"That this Area Committee calls on the Chief Executive to examine the feasibility of reopening the historic pedestrian tunnel running from the grounds of the Spa Hotel Lucan through to Lucan Demesne (reportedly blocked-up but not destroyed during construction of the N4 Lucan bypass) so as connect the hotel complex and the Demesne, making it more accessible for visitors."

I responded to the Motion and agreed to write to the TII for a response.
I understand that the tunnel was not extended when the N4 was widened.

Could you please refer to the relevant person for a formal response to the Area Committee?

Regards,
