

M9 Item 79032 May 2023 ACM

Sharon

My colleagues in our Dublin office forwarded me your letter (attached) for response. Waterways Ireland are in the process of seeking quotations for both the removal of graffiti and the cutting back of vegetation at the 9<sup>th</sup> lockhouse. Please note however that due to the bird nesting season there may be restrictions on the removal of vegetation until September. It is Waterways Irelands intention to dispose of the property and have appointed Ray Cooke as the agent who will handle the sale on our behalf.

Kind Regards

Orla
