

**CHERRYWOOD TIDY TOWN**

**72 cherrywood park, Clondalkin**

**Dublin, D22wc79**

**EST. 2023**

**PROPOSED AREAS FOR THE STORAGE UNIT**

**CHERRYWOOD PARK**

**These two locations are dumping grounds and we cleared them numerous of times during the year. We done some researched and we would be looking to get 20ft containers as it is most secure solution. Container would be painted matching colours of surroundings so it would blend into the area. Also climbing hedge would be planted around it to camouflage**

## **CHERRYWOOD VILLAS**

**If we would be allowed to put container in this area, we would try to get it painted like the containers in Clondalkin park GAA pitches, so it would be colourful. At the moment this area is full with weeds and litter getting blown by the wind.**

**Storage unit is vital for our group as we want to do much more in the area but not having a storage unit prevail us to get more tools as we don't have where to store them. No flammable liquids or power tools will be stored in this container.**
