The Annual Financial Statement has been prepared in accordance with the statutory requirements governing the accounts of local authorities and in compliance with the Accounting Code of Practice for Local Authorities prescribed by the Minister for the Housing, Local Government and Heritage.

The development of 133 Cost Rental units at St. Maelruan's, Belgard, the largest such development in the country, is a key part of the Council's Housing program. The Council continued with its developments of Community Centres including the opening of the Rathcoole Courthouse and the Saggart School House community centre. The Council also acquired Lucan House and Demesne. A detailed assessment of the property and grounds are currently underway with a view to develop a masterplan for the House and its 30 acres. 6.0 Conclusion:

In overall terms, there has been a significant increase in the financial performance of the Council in 2024. While South Dublin County Council maintains a strong financial position, there are growing pressures on the Council’s resources. I want to thank the Elected Members of South Dublin County Council for their support and consideration during the year. I would also like to acknowledge the contribution made by the Management Team and the staff from all sections of South Dublin County Council in achieving a positive outturn in the Revenue Account for 2024. I would especially like to thank my colleagues in the Finance Department for their work throughout the year and their assistance in producing the Annual Financial Statement.

The Council needs to be mindful of the potential challenges ahead that could have an impact on the Council’s financial position during 2025. In particular, the imposition of US tariffs on some of the larger Ratepayers in the County and the potential impact of any EU countermeasures. The Council also continues to experience significant inflationary pressures associated with delivering many large capital projects, which impacts negatively on the Council’s reserves. Therefore, the Council must continue to exercise tight control over both revenue and capital expenditure, so it can maintain its current financial standing.

This Annual Financial Statement will be referred to the Department for Housing, Local Government and Heritage for audit by the Local Government Audit Service. The Local Government Auditor will commence the audit in the immediate future.

STATEMENT OF ACCOUNTING POLICIES

1. General

The accounts have been prepared in accordance with the Accounting Code of Practice ACoP on local authority accounting, as revised by the Department of Housing, Local Government and Heritage (DHLGH) at 31st December 2024. Non-compliance with accounting policies as set out in ACoP must be stated in the Policies and Notes to the Accounts.

2. Statement of Funds Flow (Funds Flow Statement)

A Statement of Funds Flow was introduced as part of AFS 2011. While the guidance of International Accounting Standard 7 Statement of Cash Flows has been followed, the business of local authorities is substantially different to most private sector organisations and therefore some minor changes to the format have been agreed to ensure the data displayed is meaningful and useful within the local government sector. For this reason the statement is being referred to as a 'Statement of Funds Flow'. The financial accounts now include a Statement of Funds Flow shown after the Statement of Financial Position (Balance Sheet). Notes 17 – 22 relate to the Statement of Funds Flow and are shown in the Notes on and forming part of the Accounts section of the AFS. Note 19 details Project/Non Project/Affordable/Voluntary balances, which can be either a debit or a credit balance. The funds flow assumes that these are debit balances and bases the (Increase)/Decrease description on this.

3. Accruals

The revenue and capital accounts have been prepared on an accrual basis in accordance with the Code of Practice.

4. Interest Charges

Loans payable can be divided into the following two categories:

- Mortgage related loans
- Non- mortgage related loans

4.1 Mortgage Related Loans

Mortgage related loans have a corresponding stream of income from long term advances (i.e. monies lent by the local authorities to borrowers), for the purchase of houses. Only the interest element is charged or credited to the Statement of Comprehensive Income (Income and Expenditure Statement).

4.2 Non Mortgage Related Loans

Note 7 to the accounts sets out the types of borrowing under this heading. Loans relating to assets/grants, revenue funding will not have a corresponding stream of income. Bridging finance will eventually become part of permanent funding. Loans in respect of the other headings will have a corresponding value in Note 3.

5. Pensions

Payments in respect of pensions and gratuities are charged to the revenue account in the accounting period in which the payments are made. The cost of salaries and wages in the accounts includes deductions in respect of pension contributions (including Widows and Orphans) benefits under the Local Government Superannuation Scheme and the Single Public Service Pension Scheme.

The Single Public Service Pension Scheme ("Single Scheme") commenced with effect from 1 January 2013. Employee contributions for the Single Scheme continue to be deducted by local authorities but are remitted centrally to DPER.

6. Agency and Other Services

Expenditure on services provided or carried out on behalf of other local authorities is recouped at cost or in accordance with specific agreements.

7. Provision for Bad & Doubtful Debts

Provision has been made in the relevant accounts for bad & doubtful debts.

8. Fixed Assets

8.1 Classification of Assets

Fixed assets are classified into categories as set out in the Statement of Financial Position (Balance Sheet). A further breakdown by asset type is set out in note 1 to the accounts.

8.2 Recognition

All expenditure on the acquisition or construction of fixed assets is capitalised on an accrual basis.

8.3 Measurement

A Statement of Financial Position (Balance Sheet) incorporating all of the assets of the local authority was included for the first time in the Annual Financial Statement for 2003. The assets were valued based on the 'Valuation Guideline' issued by the DHPLG. All assets purchased or constructed as from 1/1/2004 have been included at historical cost. Accounting policies relating to leases are currently being developed and will be reflected in the financial statements at a future date.

8.4 Revaluation

As set out in a revision to the Accounting Code of Practice it is policy to show fixed assets at cost. Maintenance and enhancement costs associated with Infrastructure assets are not currently included in fixed assets but will be reviewed at a future date. Due to their physical nature the vast majority of assets are unique to local authorities and are not subject to disposal. Any loss or gain associated with the net realisable value of the remaining general assets subject to disposal, are accounted for at time of disposal.

8.5 Disposals

In respect of disposable assets, income is credited to a specific reserve and is generally applied in the purchase of new assets. Proceeds of the sale of local authority houses are to be applied as directed by the DHLGH.

8.6 Depreciation

Under the current method of accounting, the charge for depreciation is offset by the amortisation of the source of funding the asset. This method has a neutral impact on Income & Expenditure and consequently the charge for depreciation and the corresponding credit from amortisation is excluded from the Statement of Comprehensive Income (Income & Expenditure Statement).

The policies applied to assets subject to depreciation are as follows:

Asset Type	Bases	Depreciation Rate
Plant & Machinery		
- Long life	S/L	10%
- Short life	S/L	20%
Equipment	S/L	20%
Furniture	S/L	20%
Heritage Assets		Nil
Library Books		Nil
Playgrounds	S/L	20%
Parks	S/L	2%
Water Assets		
- Water schemes	S/L	Asset life over 70 years
- Drainage schemes	S/L	Asset life over 50 years

The Council does not charge depreciation in the year of disposal and will charge a full year's depreciation in the year of acquisition.

9. Government Grants

Government grants are accounted for on an accrual basis. Grants received to cover day-to-day operations are credited to the Statement of Comprehensive Income (Income & Expenditure Statement). Grants received, relating to the construction of assets, are shown as part of the income of work-in-progress. On completion of the project the income is transferred to a capitalisation account.

10. Development Debtors & Income

Short term development levy debtors are included in note 5. Income from development contributions not due to be paid within the current year is deferred and not separately disclosed in the financial statements.

11. Debt Redemption

The proceeds from the early redemption of loans by borrowers, are applied to the redemption of mortgage related borrowings from the HFA and OPW.

12. Lease Schemes

Rental payments under operating leases are charged to the Statement of Comprehensive Income (Income & Expenditure Statement). Assets acquired under a finance lease are included in fixed assets. The amount due on outstanding balances is shown under current liabilities and long-term creditors.

13. Stock

Stocks are valued on an average cost basis.

14. Work-in-Progress & Preliminary Expenditure

Work-in progress and preliminary expenditure is the accumulated historical cost of various capital related projects. The income accrued in respect of these projects is shown in the Statement of Financial Position (Balance Sheet) as 'Income WIP'.

15. Interest in Local Authority Companies

The interest of South Dublin County Council in companies is listed in Appendix 8.

16. Related Parties

A related party transaction is a transfer of resources, services or obligations between the local authority and a related party. The main related parties for a local authority include the following:

- i. Management and Personnel
- ii. Council members
- iii. Government Departments
- iv. Local Authority Companies

Local Authority council members and key personnel are bound under the relevant sections of the Local Government Act 2001 and subsequent amending legislation to:

- a. furnish an annual declaration of 'declarable interests' set out in section 175 of the Act;
- b. disclose under sections 167, 178 and 179 any beneficial interests that they or a connected person has; and
- c. follow a code of conduct issued by the Minister for Housing, Local Government and Heritage under section 169 of the Local Government Act 2001 in 2004.

'Declarable interests' cover both financial and certain other interests such as land etc.

Local authority management and personnel salary and remuneration is determined by the Department of Housing, Local Government and Heritage in line with central government policy on rates of pay.

Local Authority interests in companies and joint ventures are disclosed in Appendix 8 to the Annual Financial Statements.

Local Authority transactions with government departments are governed by central government controls and procedures driven by government accounting rules.

17. Accounting for Expenditure

Expenditure in relation to policy is accounted for in the relevant division e.g. E15 Climate Action and Flooding. Operational expenditure is accounted for in the area where the expenditure is incurred e.g. Housing, Roads, etc. This is in line with the Local Authorities costing system where the full cost of a service/sub-service must reflect all the costs associated with the service.

23. Revenue Commissioners: Level 1 Compliance Intervention Letter

In October 2022, 31 City and County Councils received a Level 1 Compliance Intervention letter regarding Relevant Contracts Tax (RCT) as per the Revenue Commissioners Compliance Intervention Framework.

Since then, the Local Authorities have worked with the Local Government Management Agency and external tax advisers to provide the requested information to Revenue and have conducted the required self-review of their RCT obligations for certain contracts.

The sector has completed its engagement with Revenue, and each local authority is now awaiting the final correspondence from the Revenue Commissioners.

24. Development Contribution Waiver Scheme

In 2023, the Government approved additional measures under the Housing for All Action Plan to incentivise the activation of increased housing supply and help reduce housing construction costs, including the introduction of temporary time-limited arrangements for the waiving of local authority "section 48" development contributions. This waiver is reported in the capital account. However, due to the accounting treatment of the waiver, the income figure for development contributions in appendix 5 does not agree with development contribution income figure in Note 10 in Annual Financial Statements 2024.

The income figure in Note 10 is higher as it also includes the grant income from the DHLGH in respect of the waiver.

25. Accounting for Increased Cost of Business Scheme (ICOB)

As part of Budget 2024, the government signed off on a package of €257 million for the Increased Cost of Business (ICOB) grant as a vital measure for small and medium businesses.

Local authorities, funded through the Department of Enterprise, Trade and Employment, managed the rollout of the grant to qualifying businesses.

The cost of this support is reported in Appendix 1 as a Payment of Subsidies and Grants under the Operational Expenses heading.

The income appears in Appendix 3 under Enterprise, Trade and Employment.
