Morning all,

It's so nice to see our very good results have been noted and commented on. I was a little disappointed that it was left until now to recognise our increasing marks. Our volunteers are out 2/3 times a week working for at least 2 hours each day helping to enhance our village. As the population grows so also does the workload. Thank you for the positive feedback as this helps to motivate our small group of volunteers.

Kindest Regards,

 (Newcastle Tidy Towns)
