

COMHAIRLE CONTAE ÁTHA CLIATH THEAS
SOUTH DUBLIN COUNTY COUNCIL

Minutes of South Dublin County Council February 2026 Rathfarnham / Templeogue / Firhouse / Bohernabreena Area Committee Meeting held on Tuesday 10th February 2026 through Microsoft 365 Teams and in person in the Council Chambers.

Councillors Present

Sarah Barnes
Yvonne Collins
Paddy Cosgrave
Alan Edge
Brian Lawlor
Roisin Mannion
Lynn McCrave
David McManus
Emma Murphy
Justin Sinnott

Officials Present

Senior Executive Officers	Mary Maguire, Amanda Mills, Vivienne Hartnett, Edel Clancy
A/Senior Executive Officer	Fiona Hendley
Senior Engineers	Gary Walsh, Damien McNulty, Juliene Helbert
Senior Executive Engineer	Andrew O'Mullane
Senior Executive Architects	Patrick Harrington, Isabel Cogan
Administrative Officer	Fionnuala Keane
Senior Executive Parks & Landscape Officer	Brendan Redmond
Executive Librarian	Caroline Higgins
T/Assistant Arts Officer	Richie O'Sullivan
Staff Officer	Eimear O'Sullivan
Assistant Staff Officer	Vikki Cryan
Clerical Officers	Dylan Hayes, Rebecca Brennan

The Cathaoirleach, Councillor Alan Edge presided.

RTFB/41/H1/O126 Item ID:89566 - Minutes

Minutes of South Dublin County Council Minutes of Rathfarnham / Templeogue / Firhouse / Bohernabreena Area Committee dealing with Corporate, Performance &

Change Management, Public Realm, Environment, Water & Drainage, Housing, Community, Transportation, Planning, Economic Development, and Libraries & Arts held on 13th January 2026 which have been circulated, were submitted, and **APPROVED** as true record and signed.

It was proposed by Councillor A Edge and seconded by Councillor P Cosgrave and **RESOLVED** “That the recommendations contained in the minutes of 13th January 2026 be **ADOPTED** and **APPROVED**.”

[H1 Minutes of January 2026 RTFB ACM](#)

RTFB/42/O126 – Questions

It was proposed by Councillor A Edge, seconded by Councillor Y Collins, and **RESOLVED** “That pursuant to Standing Order No. 13 that Questions 1 – 3 be **ADOPTED** and **APPROVED**.”

Libraries & Arts

RTFB/43/Q1/O226 Item ID:89851- Purchasing of Library Stock

Proposed by Councillor J. Sinnott

To ask the Chief Executive to advise on the process of purchasing stock for Ballyroan Library and the factors that are considered when restocking or purchasing additional material.

REPLY:

South Dublin libraries have a Collection Development Policy in place which you can view here: [South Dublin Libraries Collection Development Policy](#). Stock for all libraries is purchased centrally by our Acquisitions section. Staff in each branch can request stock in response to needs identified or in order to refresh well used sections within their branch. Suggestions for purchase are also accepted from members of the public.

RTFB/44/H2/O226 Item ID:90027 – Library News & Events

This report was presented by Caroline Higgins Executive Librarian

RTFB/54/Q2/0226 Item ID:89938 – Moyville Tree Pruning Request

Proposed by Councillor P. Cosgrave

Could the three large trees close to (Address Provided in Moyville) have their branches trimmed back. The trees are overshadowing (Address Provided in Moyville) causing dampness and damp mould to the house and windows.

REPLY:

South Dublin County Council has recently inspected the trees in the vicinity of 129 Moyville, including those located to the front and side of the property. On examination, the trees and branches were found to be several metres from the house, and no immediate maintenance works are currently required.

It should be noted that Moyville Estate is included in the Council's 2026–2028 Tree Maintenance Programme. Prior to any works being undertaken, a comprehensive survey of all trees within the estate will be carried out, including the trees in question, to inform the programme and determine what, if any, maintenance is required.

RTFB/57/M1/O226 Item ID:89922 – Tree Planting Request

Proposed by Councillor J. Sinnott, seconded by Councillor A. Edge

This Committee requests that the Council consider providing new kerbs and the planting of new trees to prevent cars parking and in some cases driving on the green at Muckross Grove, Perrystown. Unfortunately, this has become an increasing problem with trees and kerbs damaged.

The following report from the Chief Executive was read:

The Council will progress additional tree planting along the perimeter of the green at Muckross Grove, Perrystown as part of the 2026 Winter Tree Planting Programme for the Rathfarnham Local Electoral Area. Planting will be focused on locations where it can most effectively discourage vehicle access and will be subject to underground utility screening to avoid conflicts with existing services. This approach will help to deter inappropriate parking and driving on the green, while also improving its amenity and biodiversity value.

The request regarding kerbing will be forwarded to the Roads Department for consideration and review.

Following contributions from Councillors Y Collins, A Edge and J Sinnott, Brendan Redmond Senior Executive Parks and Landscape Officer Responded to queries raised and the Managers Report was **Noted**.

RTFB/58/M2/O226 Item ID:89967 – Request for Running Track at Tymon Park North

Proposed by Councillor P. Kearns, seconded by Councillor A. Edge

That this committee calls on the manager to examine the possibility of granting the request from the Dublin Athletic Board and Rathfarnham WSAF A C to establish a dedicated 1500m grass running track in Tymon Park North.

The following report from the Chief Executive was read:

Tymon Park is a 300-acre regional park that offers a wide range of sporting and recreational facilities to meet the needs of the local community and visitors alike. The park contains approximately 13.8 km of surfaced footpaths, which are regularly maintained and are widely used for walking and running, including for the weekly Tymon Park parkrun event.

The Council is committed to supporting active use of the park. While Tymon Park does not have a dedicated cross-country or grass running track, South Dublin County Council facilitates and supports cross-country events when requested, subject to ground conditions, seasonal considerations, and the need to protect grassed areas and biodiversity. In addition, many park users make informal use of boundary grass areas, where mowing strips have been provided alongside long-flowering meadows.

A meeting has been arranged with Dublin Athletic Board and Rathfarnham WSAF A.C. in the coming weeks, where the Council will discuss their request in detail and consider any potential options within the constraints outlined above.

This Motion was **Agreed**.

RTFB/59/M3/O226 Item ID:90006 – Tree Planting Request

Proposed by Councillor Y. Collins, seconded by Councillor A. Edge

That trees be planted at St. Patrick's Road, Dublin 12 to replace the trees which were cut down, and to restore the general appearance of the road, given the value of street trees in the urban environment.

The following report from the Chief Executive was read:

As part of South Dublin County Council's 2023 Tree Maintenance Programme, one tree was felled and nine stumps were removed along St Patrick's Road, no further trees have been removed. In line with the Council's succession planting approach, the road was subsequently assessed for new tree planting, with eleven potential locations provisionally identified for planting in 2024.

Three of these locations were not planted due to resident objections, and a further two were deemed unsuitable following tree pit excavation because of site constraints of underground services that were unearthed. Consequently, six semi-mature specimen trees were successfully planted in 2024.

Tree planting at this location is constrained by the loss of grass margins currently used for parking, the potential loss of parking spaces, wide vehicular entrances arising from the removal of front boundary walls, overhead power lines, conflicts with underground services, and the presence of public lighting columns. At this time, the Council has exhausted all viable tree-planting opportunities along St Patrick's Road but will keep the location under review.

Following contributions from Councillor Y Collins, this Motion was **Agreed.**

RTFB/60/M4/O226 Item ID:89968 – Bench Request for Orwell Park Green

Proposed by Councillor P. Kearns, seconded by Councillor A. Edge

That this committee calls on the manager at the behest of OPTRA residents association to install another bench on Orwell Park Green in the vicinity of the area marked with a red x on the attached map facing the Dublin mountains. And that they turn the current bench around so that it is also facing the Dublin mountains

The following report from the Chief Executive was read:

The Parks & Public Realm Section will install an additional bench on Orwell Park Green as requested and be positioned to face towards the Dublin

Mountains. In addition, the existing bench in this area will be turned so that it also faces towards the Dublin Mountains.

[M4 \(ii\) Orwell Park Green Map](#)

Following contributions from Councillors P Kearns and L McCrave, Brendan Redmond Senior Executive Parks and Landscape Officer Responded to queries raised and the Motion was **Agreed**.

RTFB/61/M5/O226 Item ID:90007 – Pizza Box Bin Request for Rathfarnham Village

Proposed by Councillor Y. Collins, seconded by Councillor A. Edge

That this Council considers installing a Pizza box bin as per the attached photo, beside the existing bin, at the seating area on the Main Street in Rathfarnham Village. These are present in other local authority areas and are effective in preventing littering.

The following report from the Chief Executive was read:

South Dublin County Council has invested significantly in solar-powered litter bins in the Rathfarnham area, including the installation and upgrading of 31 solar-powered compacting bins across the area. These bins have improved litter capture, reduced overflow, and enabled more efficient collection through fill-level monitoring.

It is acknowledged that pizza boxes can, on occasion, become jammed in standard bins, including solar-powered bins, if not disposed of correctly. On this basis, the Public Realm Section will examine the seating area on Main Street, Rathfarnham Village, to determine whether a dedicated pizza box bin can be installed beside the existing bin without negatively impacting universal access, given the constrained width of the footpath in this location.

It should also be noted that, as outlined in the Council's Litter Management Plan, a business owner or person responsible for a place to which the public has access is required to keep the area adjoining their premises litter free, regardless of how the litter got there. This places an obligation on business owners to keep footpaths, pavements, public space within a 100-metre radius of their premises free from litter, which includes discarded pizza boxes.

M5 (ii) Pizza box bin

Following contributions from Councillors Y Collins, P Kearns, L McCrave and D McManus, Brendan Redmond Senior Executive Parks and Landscape Officer Responded to queries raised and the Mangers Report was **Noted**.

Environment

RTFB/62/H9/0226 Item ID:90031 – New Works

This report was presented by Andrew O'Mullane Senior Executive Engineer

Templeville Road and Glendown Road Active Travel Scheme Update

The scheme comprises of Glendown Road, Templeville Road from, and including, Wainsfort Roundabout to Templeogue Road and Springfield Avenue.

The contractor for the scheme, Donnelly Civil Engineering, is currently working on Glendown Road and Templeville Road with the key section of works at the Wainsfort Roundabout.

Configuration of Templeville Wainsfort Roundabout.

The configuration of the roundabout at Wainsfort Road is in accordance with the Cycle Design Manual which is a specific design manual in accordance with DMURS containing details for the design of cycle tracks within the road network. This design of the Templeville Wainsfort Roundabout is detailed in Cycle Design Manual and was the preferred layout following a non-statutory consultation in April 2024. 30 submissions were received and 70% preferred the layout under construction.

The design of the roundabout provides crossing points for pedestrians and cyclists by means of zebra crossings on each arm of the roundabout. The crossings are close to but separate to the roundabout. Motorists give way to people crossing road and then use the roundabout as normal and then on exiting give way to the crossing on the exit arm. For safety of vulnerable road users speed of vehicular traffic is controlled by the roundabout geometry, however, the design is suitable for traffic flow up to 25,000 vehicles per day.

The Templeville Wainsfort Roundabout is recorded by the RSA as a significant locus of collisions for cyclists.

The Templeville Road – Transport Statement provided by AECOM in 2023 noted “*The removal of flared approaches and the introduction of priority-controlled crossing facilities at the Templeville Road / Wainsfort Road roundabout is shown to have some moderate impact on modelled operation, particularly in the PM peak, however the models suggest the junction continues to operate at capacity with improved active travel benefit.*” During the construction of the roundabout the Traffic Management Centre have been observing the Cypress Grove Road and Templeville approaches to the roundabout and have indicated no significant queuing.

The proposed roundabout will realise significant improvements for vulnerable road users commuting and traveling to schools and other amenities in the area. The existing allowed for higher speeds and did not provide for vulnerable road users. The area is highlighted as an area with a high incidence of collisions.

Construction and progress.

The contract stipulated a 12-month construction period. Works commenced in July 2025 and to date the construction is on target to be completed within the 12-month timeframe. The works remaining and completion timeframe for each section of the works is provided below. It should be noted the contractor will remain on site until 12-month programme is completed.

Wainsfort Roundabout.

Progress to date; Site Clearance. Install ducts for crossings and drains. Modify driveways for 13 properties at and adjacent to the roundabout. Construct kerbs, traffic islands, footpaths and tactile paving on Templeville Road west approach and Wainsfort Road approach,

Current and up-coming works; Construct kerbs, traffic islands, footpaths and tactile paving on Cypress Grove Road approach and remainder of Templeville Road east approach. Completion surfacing of roundabout and complete crossings on each approach.

Programme

- Remaining approaches to roundabout completed by the end of March.
- The inner circulation lane of roundabout completed by the end of second week of April

- Resurfacing of the roundabout and creation of level pedestrian crossings by the end of April.

Templeville Road;

Progress to date; 140 Driveway brought up to level with proposed cycle track. Drainage works on driveways and initial landscaping of grass verge.

Current and up-coming works; the modification of driveway apron areas will be completed this week. The modification of side road junctions at Templeville Avenue and Templeville Park are to commence as is the signal junction at Fortfield Park. The contractor has scheduled the cycle track kerb to be installed by the end of February. At each driveway a lower sloped kerb will be provided.

Programme

Kerbing to commence in early March. A significant task will be to complete slopes at driveways and is schedule to take place from March to May with Macadam to be installed thereafter.

Glendown Road;

Progress to date; clear site, construct a new public lighting network along the green, construct updated crossings on side roads at, Orwell Park Green, Orwell Park Avenue, Orwell Park Close, Glendown Avenue, Glendown Lawn and Glendown Drive. Construct the cycle track kerb along Glendown Road.

Current and up-coming works; Lay base layer and red surface layer of macadam along the Cycle Track. Construct pedestrian crossings and cycle tracks at the junction at Cypress Drive. Install renewed traffic signal equipment and complete ESB power connection. Instal road markings and signs.

Glendown Road is approaching completion of works, and the contractors programme is to complete this section of the works in mid-April.

Springfield Avenue, between Templeogue Road and Dodder Bridge has not yet commenced. Works are scheduled to commence in March but will be subject to completion of main works at the Roundabout first.

Following contributions from Councillors P Kearns, R McMahan, L McCrave, D McManus, Y Collins and P Cosgrave, Andrew O'Mullane Senior Executive Engineer Responded to queries raised and the Report was **Noted**.

Correspondence (No Business)

RTFB/64/M6/0226 Item ID:89915 – St. Colmcilles School Safety Audit Request

Proposed by Councillor R. Mannion, seconded by Councillor A. Edge

To ask the Manager whether a pedestrian/active travel safety audit can be carried out for the area surrounding St Colmcille's Community School with a view to improving markings. Cyclists and walkers converge on narrow paths at peak times, as well as an S8 bus stop alighting directly onto the cycle path.

The following report from the Chief Executive was read:

The section of Scholarstown Road located at St Colmcille's Community School is included in the Part 8 public consultation for the *Knocklyon to Ballyboden Active and Sustainable Travel Scheme*. All documents can be viewed, and relevant submissions made, on the consultation portal's project page until 13 March 2026 at 17:00.

In relation to the portion of Scholarstown Road directly in front of St Colmcille's Community School – including the bus stop that serves the S8 bus route – the proposal is to retain the existing road and bus stop layout without changes.

Link to the consultation portal's project page:

<https://consult.sdublincoco.ie/en/consultation/knocklyon-ballyboden-active-and-sustainable-travel-scheme>

Following contributions from Councillor R Mannion, the Motion was **Agreed**.

RTEB/76/C9/O226 Item ID:90019 – Correspondence

Correspondence (No Business)

RTEB/77/M7/O226 Item ID:89853 – Loreto Gate Concerns

Proposed by Councillor D. McManus & Councillor J. Sinnott, seconded by Councillor A. Edge

This ACM again notes with significant concern the continued vacancy of the completed units at Loreto Gate, Grange Road in Rathfarnham, that the Housing Director writes to the approved housing body requesting a full statement outlining when tenants will move in and the actions and timeline to date by this approved housing body in acquiring this development, this Committee is also concerned with the reputational damage being done to SDCC as there is a perception that responsibility lies with SDCC

The following report from the Chief Executive was read:

Oaklee Housing became the owner of Loreto Gate in December 2025, following completion of the conveyance process for the completed units. Since November 2025, South Dublin County Council, in partnership with Oaklee Housing, has been actively progressing nominations and pre-tenancy processes.

Occupation of the development commenced on Wednesday, 28 January, with over half of the homes now allocated to households who have signed

tenancy agreements and received keys. The remaining nominated households will be accommodated as soon as outstanding pre-tenancy requirements are finalised.

This Motion was taken in conjunction with Motion 8

RTEB/78/M8/0226 Item ID:90004 – Loreto Gate Concerns

Proposed by Councillor Y. Collins, seconded by Councillor A. Edge

That this Council confirms that the apartments at Loreto Gate are in the process of being allocated and will be occupied soon, with an indicative timescale for such occupation, as they have been empty for far too long, particularly when housing is so badly needed

The following report from the Chief Executive was read:

Oaklee Housing became the owner of Loreto Gate in December 2025, following completion of the conveyance process for the completed units. Since November 2025, South Dublin County Council, in partnership with Oaklee Housing, has been actively progressing nominations and pre-tenancy processes.

Occupation of the development commenced on Wednesday, 28 January, with over half of the homes now allocated to households who have signed tenancy agreements and received keys. The remaining nominated households will be accommodated as soon as outstanding pre-tenancy requirements are finalised.

This Motion was taken in conjunction with Motion 7

Following contributions from Councillors D McManus, J Sinnott, Y Collins and P Kearns, Vivienne Hartnett Senior Executive Officer and Amanda Mills Senior Executive Officer Responded to queries raised and the Managers Reports were **Noted**.

Transportation

RTFB/81/Q3/0226 Item ID:89966 – Salt Bin Costs

Proposed by Councillor J. Sinnott

To ask the chief executive to advise what the total cost of installing a salt bin is and whether the Local Priorities Fund could be used to purchase additional bins?

REPLY:

The cost to install a salt bin is less than €1000 but road maintenance cannot commit to stocking any additional bins during the season.

The salt bin strategy is designed to deliver a service to the public within our available resources. Additional bins will over stretch that resource

RTFB/82/H20/0226 Item ID:90039 – Proposed Roads to be Taken in Charge

RTFB/85/M9/0226 Item ID:89914 – Road Markings Request

Proposed by Councillor R. Mannion, seconded by Councillor A. Edge

To ask that the manager arranges an inspection and re-doing of the cycle track/pedestrian markings outside St Colmcille's Community School and along Scholarstown Road approaching the school.

The following report from the Chief Executive was read:

This area will be inspected and any road markings requiring renewal will be added to the works list

Following contributions from Councillor R Mannion, the Motion was **Agreed.**

RTFB/86/M10/0226 Item ID:89939 – Rosemount S/C Car Park Hazard

Proposed by Councillor P. Cosgrave, seconded by Councillor A. Edge

That the Manager have the small round object removed from the Disabled parking bay at Rosemount S/C carpark. A local resident tripped on the round object while walking from Mass to the carpark. The Lady was badly hurt from the trip. The object should be removed as its dangerous.

The following report from the Chief Executive was read:

The round object referred to is related to the development of an accessible parking app which involves building an app through which registered “Bluebadge” holders may access details of available disabled parking spaces from within an initial 19 identified locations strategically chosen across the county. The locations will be shown on a map with real time information on how many of these spaces are free.

Regrettably, following installation of the 19 surface mounted sensors safety issues were identified. As a result, these are now being replaced with flush-mount versions in order to mitigate against any risk to slips and trips.

Following contributions from Councillors P Cosgrave and D McManus, Mary Maguire Senior Executive Officer Responded to queries raised and the Managers Report was **Noted**.

RTFB/87/M11/0226 Item ID:90003 – Temporary Seating Rathfarnham Village

Proposed by Councillor Y. Collins, seconded by Councillor A. Edge

That the temporary seating at the Main Street in Rathfarnham Village be removed and replaced with seating similar to that provided at Capel Street, as per attached photos, as the current seating arrangement is resulting in a very significant littering problem and is not universally accessible.

The following report from the Chief Executive was read:

As referred to in last month’s ACM the seating provided is to be amended to become universally accessible.

The seating referred to in the motion does not provide an outdoor dining option which is one of the desirables of a seating area and was agreed with Cllrs at our meeting last summer.

[M11 \(ii\) public seating 2](#)

[M11 \(iii\) public seating 3](#)

[M11 \(iv\) public seating 5](#)

Following contributions from Councillors Y Collins, L McCrave, D McManus, A Edge and P Kearns, Gary Walsh Senior Engineer Responded to queries raised and the Managers Report was **Noted**.

RTFB/88/M12/0226 Item ID:90005 – Kerb Reinstatement at Muckross Grove

Proposed by Councillor Y. Collins, seconded by Councillor A. Edge

That this Council reinstates the kerb at the green at Muckross Grove in Perrystown to prevent the green area, where children play, being used as a car park.

The following report from the Chief Executive was read:

The renewal of kerbs at this location will be listed for consideration for future RWP.

Following contributions from Councillor Y Collins, Gary Walsh Senior Engineer Responded to queries raised and the Managers Report was **Noted**.

Meeting concluded at 17:30.
