Welcome and Apologies

The meeting was chaired by the Vice Chair, who welcomed members and noted apologies received. Members were advised that the Chair is currently on temporary leave. It was confirmed that the Partnership remains on schedule to meet its statutory 6 annual meeting requirements for 2026.

2. Minutes of Previous Meeting

The minutes of the previous meeting were approved.

3. Matters Arising

No further matters arising were noted.

4. Declarations of Interest

No conflicts of interest were declared.

5. Community Safety Plan Development

The Partnership received an update from the Community Safety Plan Subgroup. Five thematic areas were identified to begin the conversation on developing the Community Safety Plan:

- Education, Lifelong Learning and Early Intervention
- Anti-Social Behaviour and Drugs
- People, Family, Youth and Community
- Environment and Public Realm
- Agency Collaboration

Members discussed the proposed themes, the importance of stakeholder engagement, and opportunities to draw on national and international best practice. The need for broad community consultation and collaboration across agencies was emphasised.

It was agreed that a consultant would be engaged to support the development of the Community Safety Plan, with procurement to commence as the next step.

6. Governance

Members were advised of a current vacancy for a HSE representative on the Partnership. An extension to the Expressions of Interest process for the Firhouse-Bohernabreena resident representative position until 1st October 2026, was also noted.

8. Correspondence and Community Safety Issues

Correspondence was noted.

Members discussed correspondence received and community safety concerns emerging from Local Safety Forums, including parking enforcement, public realm issues, increased misuse of drugs, erratic driving concerns and representation across growing communities. It was agreed that stronger links between Local Safety Forums and the Partnership would support the identification and escalation of local issues. Members supported the proposal that updates from Local Safety Forums become a standing item on future agendas

9. Next Meeting

The next meeting will take place on 20 November 2026 at 10.00am in the Council Chamber. As per legislation all elected members will be invited to attend the next meeting.

Meeting concluded at 11.15am
